WHY THIS FAILS

- 1 The tuition is prepaid for September, before that care happens.** DCFSA reimburses only care that has *already been provided* — never prepaid tuition or deposits.
- 2 The care dates are in the future** relative to the payment (and to filing). Good DCFSA docs show the dates care actually occurred.
- 3 The receipt itself says 'care begins 09/02.'** Filing now is premature; it will be denied for timing even though every other detail is present.

✓ WHAT TO SEND INSTEAD

Wait until the care month is over, then submit the **monthly statement** showing the actual dates care was provided in September. Same provider, same Tax ID — just the version dated *after* the care, not before.

SAMPLE — synthetic teaching exhibit; fictitious provider, patient & data. **Not a real record.**
